

FEANTSA

Navigating the green transition

Working Space FEANTSA FORUM
2023

Presented by Anna Bajomi

SPOTLIGHT ON: GREEN DEAL

ENERGY

75% GHG EMISSIONS

BUILDINGS

40% OF ENERGY USE

INDUSTRY

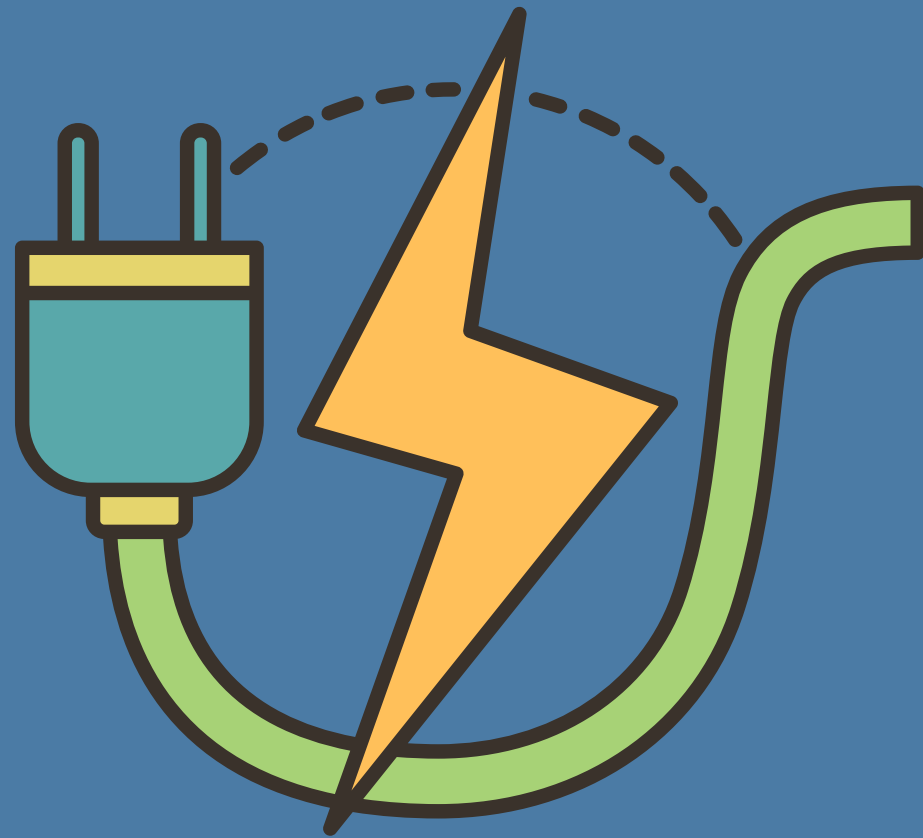

MATERIAL INTENSITY

MOBILITY

1/4 OF EMISSIONS

The relevant legislative elements

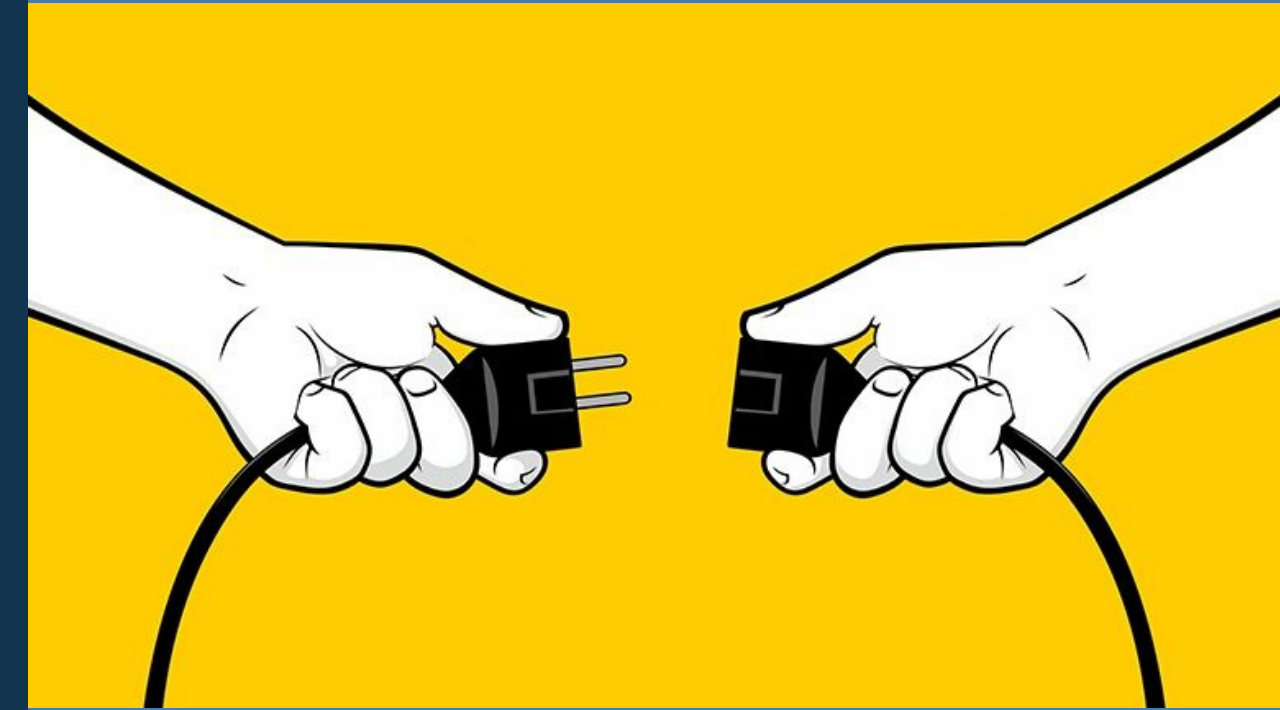

ENERGY EFFICIENCY DIRECTIVE

Energy savings ringfenced for the
poor
Renovation of local public/social
purpose buildings

ENERGY PERFORMANCE OF BUILDINGS DIRECTIVE

Minimum Energy Performance
Standards
Financing
Risks and social safeguards

Source: Euractive/shutterstock

ELECTRICITY MARKET DESIGN

Protection of vulnerable consumers
Ban on disconnections?

Questions for the discussion

- WHAT OPPORTUNITIES AND RISKS DO YOU SEE REGARDING HOMELESSNESS IN THE CONTEXT OF THE ENERGY TRANSITION?
- HOW ARE YOUR SERVICES AFFECTED BY ENERGY PRICES? WHAT CAN OR SHOULD BE DONE ABOUT IT?
- ARE YOUR CLIENTS IMPACTED BY THE ENERGY CRISIS? IF YES, HOW?
- WHAT ACTION ARE YOUR ORGANISATION AND OTHERS TAKING IN RELATION TO CLIMATE CHANGE AND GREEN TRANSITION?
- DO SOCIAL WORKERS RECEIVE TRAINING ON ENERGY RELATED ISSUES (ENERGY ADVICE, CONSUMER PROTECTION, DISCONNECTIONS, WORK WITH SUPPLIERS, ETC)?
- IS YOUR INSTITUTION PLANNING TO RENOVATE ENERGETICALLY BUILDINGS AND APARTMENTS? WHAT IS NEEDED FOR DOING SO?
- CAN FEANTSA SUPPORT YOU IN THIS AREA? WHAT WOULD BE USEFUL?

What are the regulatory changes inspired by the Green transition that have been impacting your work and how have they done so? (positively or negatively)

What do you see as future opportunities or challenges for your organization relating to the Green transition?
